

Each GPS/Compass course post will have a sign. All of the signs will have a letter followed by two numbers. When you find the post, enter that information in the space below. Please try and stay on the trails as best as you can. All of the starting points are on the trail. When you are finished with the course, return to the Nature Center so they can check to see if you successfully completed the course.

The letters and numbers you will find on the posts were randomly chosen.

This course was created as an Eagle Scout Project by Steven Baker of Boy Scout Troop 176.

I would like to recognize the following organizations and businesses for their donations of time and materials:

- Hobbs Lumber
- Brink Ink
- Asbury Woods Nature Center
- Home Depot
- Lowes
- Mr. Robert Barko
- Boy Scout Troop 176

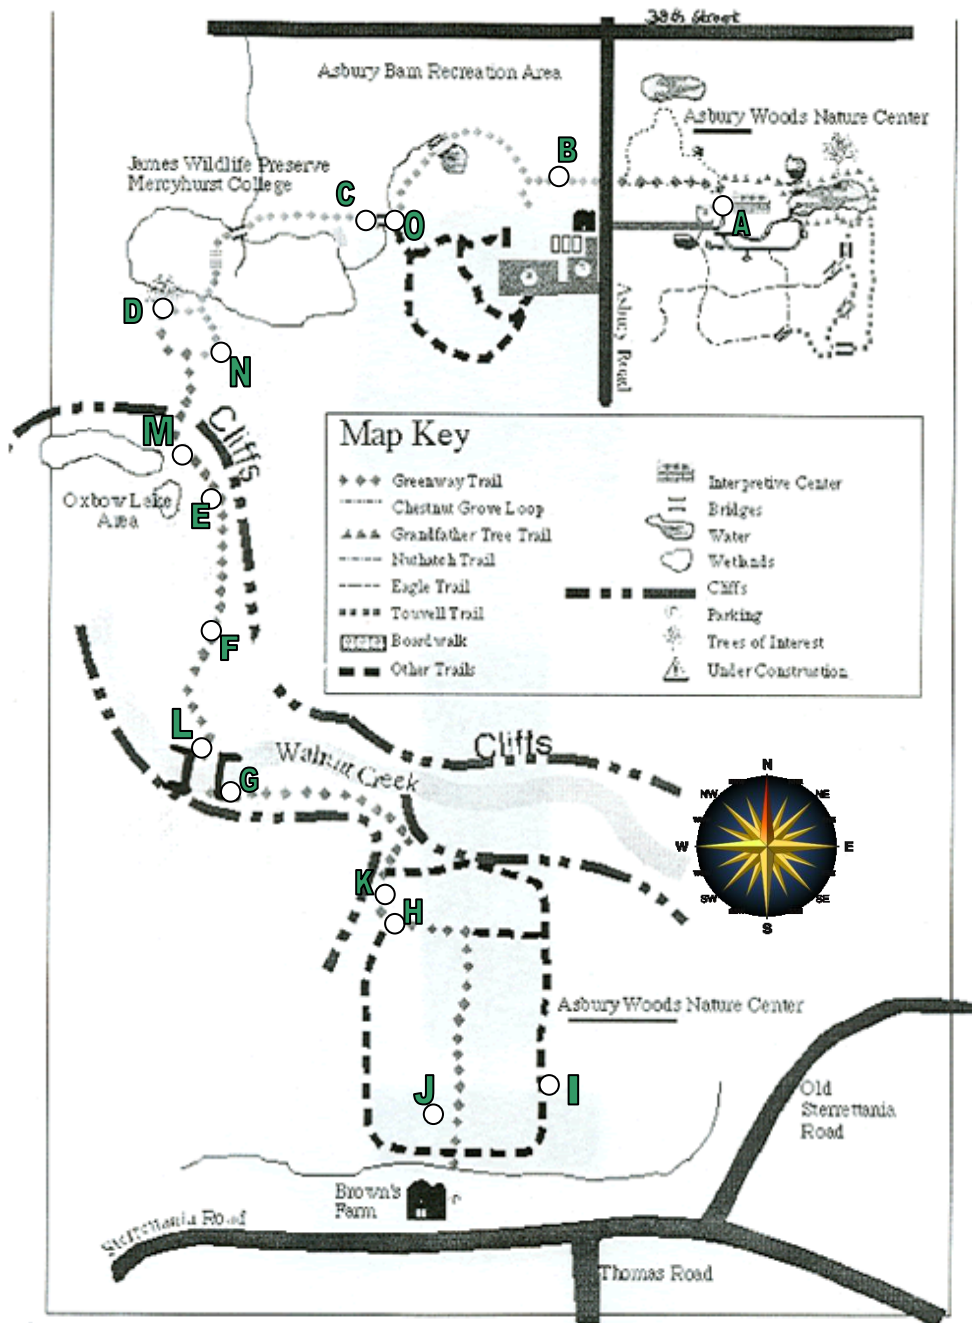

Instructions: Use your compass or GPS to find the posts on the 2.3 mile Greenway Trail from the Nature Center to Brown's Farm. Posts are 4"x4" wooden posts with a green sign and white lettering.

GPS: The GPS coordinates listed for each stop 1-15 are the coordinates of the posts.
Compass: The Compass coordinates and distances given for each stop A-O are the coordinates from landmarks along the trail you will use as starting points to each post.
