THE MISSION OF ASBURY WOODS is to provide all members of our community with opportunities to experience, study and enjoy nature.

Asbury Woods Nature Center operates through a public-private partnership between the Asbury Woods Partnership, Inc., a 501(c)(3) nonprofit organization, and the Millcreek Township School District. Since its inception in 2000, the Asbury Woods Partnership, Inc., has provided an increased portion of funding for Asbury Woods Nature Center annually. The Partnership currently provides funding for 50% of Asbury Woods Nature Center's operating budget. The remaining 50% is provided by the Millcreek Township School District.

The Nature Center's exhibits and trails are free and open to the public year-round. Fees for programs and special events help support the Nature Center as well as memberships and contributions. All membership contributions go directly to the Asbury Woods Partnership and are tax deductible as allowed by law. Membership funds are used to support the community programs and activities at Asbury Woods Nature Center.

Thank you for your support of Asbury Woods!
